

Linocut gallery

REG FLUDE'S LINOCUTS My Father, Reg Flude (1908-1986), was an accomplished artist and a founder member of the Eastbourne Arts Club. Around 1950 he produced a set of 12 linocuts of local Sussex scenes which he used for calendars and cards. From the formation of my Consultancy in 1998 I have used these as a basis for the Consultancy Christmas Card each year. They have been favourably received over the years and are now available on the website. The original linocuts were used by Edgebury Press (a local printer) to produce plates from which a run of printed cards were made each year. The care with which this annual project is handled by Edgebury Press is always appreciated. Edgebury Press Ltd, PO Box 797, Crawley, RH11 0WD - Tel: 01293 - 514700. Click on a picture and use the navigation tip to progress forwards or backwards. All 12 of the original linocuts have now been used and something different will be needed for next year. {gallery}linocuts{/gallery}
