SNOW CONDITIONS & GALLERY

A record from 1958 - 2008 of the snow cover conditions in the Eastbourne-Polegate-Willingdon area together with an analysis of the number of snow cover days and mean winter temperatures is given in the first gallery. Other galleries give details of the specific winter events of 1962-63 and December 1967. The sub-menus give access to the Snow conditions & gallery. Select a sub-menu to gain access to the gallery of interest.
