

POLEGATE WINDMILL

Click on a picture and use the navigation tip to progress forwards or backwards.FOR THE MOMENT - AND UNTIL A NEW SITE IS CONSTRUCTED - www.polegate-mill.org.uk DEFAULTS TO THIS PAGE POLEGATE WINDMILL Park Croft, Willingdon, East Sussex BN26 5LB Polegate Windmill, built in 1817 is the oldest working Tower Mill in East Sussex and has a rare five-bladed fantail. The four storey tower holds much of its old wooden machinery, together with three pairs of millstones and working machinery including a Eureka grain cleaning machine, a Wire machine for sieving meal and, on the ground floor, three oat crushers. It is a Grade II* listed building and is owned by The Eastbourne & District Preservation Trust Ltd - Company Number 00844283 (a registered charity - Charity No: 243934). John Flude is the Chairman of the Polegate Windmill Council who manage the Mill on behalf of the Trust and Company Secretary of The Eastbourne & District Preservation Trust Ltd. The galleries in the sub-directories (use directories on the left hand side) show the external features of the Mill, the internal workings and the Mill museum on the ground floor of the Mill complex. A separate gallery shows maintenance to the sweeps in May 2009.
